*Jazz is not just music, it's a way of life,  
it's a way of being, it's a way of thinking.*  
Nina Simone

**Jamz Collection** is the first Lladro lighting collection that draws inspiration by jazz music to shape a singular selection of hanging, floor and reading lamps.

The combination of metals with porcelain shades, to choose between three different models, recalls the shape of jazz instruments. The customization of the lamps symbolizes the free essence of this music, allowing improvisation for bespoke creations.

**Jamz Collection** offers lamps of refined forms in white porcelain with metals in gold, copper or black in which light and craftsmanship come together to create different atmospheres.
