CULTURES of the WORLD

Lord Shiva
01001981

Lord Shiva, the Hindu god of meditation and the arts, in a sculpture made in High Porcelain, Lladró's maximum artistic category.

A piece that boasts many complex decorative techniques, like golden luster, and a large amount of handmade flowers made petal by petal.

Shiva's attributes are finely defined with a host of details enhancing his majestic character: the trident, the drum, the snake, the bands of Rudraksha and the bun in his hair.

ORIGAMI

Returning to the classic theme of the animal kingdom, the pieces in the *Origami Collection* play with forms from a geometrical perspective. The multifaceted depiction gives these animals a highly original and contemporary image. The collection perpetuates the essence of the brand but in a more updated and innovative style.
